## DAVE SINGLEY

DS lurks in BK and remembers his life while getting wrapped up in tons of art for art's sake projects.

He left UC Santa Cruz as a painter in 2003 with a wealth of new mon frères to call friends and collaborators. Many ventures were launched as a result, but most failed to penetrate the stratosphere, with the exception of some of the group shows in California that represented DS and friends as FUN ARTISTS. He continues to work from the mean streets of the East Coast with the Lubin Brothers on Famous Class, a music collective that is welcoming Nurturer to it's family. Nurturer is taking up a lot of space in my head says DS about his 2 piece band with the Woodman. The Woodman is also helping to co - pilot the newest loose structure collective called Tons Of Sons, a home for the wild ideas of DS and his mon frères.
